Narragansett Indian Tribal Historic Preservation Office

4425 A South County Trail
Charlestown, RI 02813

To: Warwick Sewer Authority

C/O: Janine Burke-Wells

The Narragansett Indian Tribal Historic Preservation Office has a proposed budget for the tribal monitoring necessary for the project we are currently working on.

The information presented has been estimated with project information obtained by PAL Inc.

We have been informed that approximately 20 days will be needed for this phase of the project.

The NITHPO will have a tribal monitor (a.k.a. PFS: Preservation Field Specialist) present at a rate of 65 dollars per hour for the 20 days.

The NITHPO has found it necessary for the Tribal Historic Preservation Officer to be present for 2 hours at a rate of 250 dollars per hour.

The NITHPO has also found it necessary for the Chief Deputy Historic Preservation Officer to be present for 4 hours at a rate of 200 dollars per hour.

The total amount of this proposed budget is \$11,700.00.

Please feel free to contact us with any questions or concerns.

Deputy Preservation Officer

SUBJECT: Cultural Resource Monitoring for Bayside Sewer Project
Narragansett Indian Tribe, \$11,700.00

As you know, the Bayside project area is considered a high density archaeological site with a wide range of activity areas, including burials and verified ceremonial features reflecting traditional Native American burial practices.

I am recommending approval of the attached proposed contract with the Narragansett Indian Tribe (the Tribe) for cultural monitoring services associated with in-depth archaeological excavation and analysis in the Bayside project area. The contract amount is \$11,700.00 and is contingent upon the following:

1. Invoices for these services shall include proper back-up documentation for personnel hours and other expenses as required for payment by the State Revolving Fund.
